Re: 12 Day Pre-General Report (10/1/08 to 10/15/08) Filed 10/23/08

Dear Mr. Buckley:

In responding to your letter dated December 5, 2008, regarding 12 Day Pre-General report, we have reviewed the report and submit the following explanations for the items mentioned below:

We have corrected the Calendar Year to Date totals for this report.

We have reviewed Schedule A contributions for excessive contributions . In early October, Mr. Charles Flournoy was informed by Victory Chairman, Roger Williams, of the excessive contribution to the Federal account and was informed at that time that they were entitled to a refund if requested and was asked to reattribute his excess contribution in the name of his spouse. We received a letter dated October 15, 2008, granting us authorization to reattribute the contribution to his spouse.

We have prepared refund checks for Mr. John Woodhouse and Timothy Fleet. Copies of the refund checks are being sent under separate cover via facsimile.

Schedule A year to date totals for Mr. Charles Flournoy have been corrected to reflect his total year to date contributions.

Schedule B line 29 has been corrected to include itemized vendor information originally reported on 30b and H6 for the non-federal candidates which received in-kind contributions.

Schedule D year to date totals for GOTV activity have been corrected.

The category for payments originally disclosed as GOTV activity for List Acquisitions has been changed to Voter ID activity.

Respectfully submitted, Wayne Tucker, Treasurer
